

Anatomical Society of Great Britain and Ireland
Summer Meeting including a symposium on
ADVANCES IN STEM CELL
BIOLOGY

University of Durham 3rd-5th July 2007

Advances in Stem Cell Biology

Opening address: Professor Chris Higgins, (Vice Chancellor, Durham University)

Speakers and Themes include:

- ***Nuclear Transfer and Reprogramming;*** *Professor Sir John Gurdon (Cambridge), Professor Chris Hutchison (Durham, UK), Dr Lyle Armstrong (Newcastle, UK)*
- ***Self-renewal and potency;*** *Professor I Lemischka (Princeton, USA), Professor WB Huttner (Max Planck Institute of Molecular Cell Biology and Genetics, Dresden, Germany,) Professor Karim Nayernia, (Newcastle, UK), Dr Linda Lako (Newcastle, UK)*
- ***Epithelial stem cells I – skin;*** *Professor Fiona Watt, (London, UK), Professor I MacKenzie, (London, UK), Professor Colin Jahoda (Durham, UK)*
- ***Epithelial stem cells II – intestine;*** *Dr David Breault, (Harvard, USA), Dr Naomi Willis (Durham, UK),*
- ***Blood and hematopoietic stem cells;*** *Professor LI Zon, (Harvard, USA), Professor Tariq Enver, (Oxford, UK), Dr Anne-Marie Buckle (Manchester, UK), Dr Antony R Green, (Cambridge)*
- ***Stem cells and tissue engineering;*** *Professor Chris Mason, (UCL, London, UK), Professor Paul Sharpe, (KCL, London, UK), Professor Kevin Shakesheff, (Nottingham, UK).*

There will also be sessions for contributed talks and posters related to the symposium and on other branches of the anatomical sciences including a workshop on educational issues.
